RE: Letter of Recommendation – Roof Repair, Inc

To Whom It May Concern:

The Beach Company has been using Roof Repair, Inc for four years, during which time they have replaced/repared approximately 200,000 square feet of roof space. We have been impressed with their workmanship along with their ability to balance quality with efficiency. With each project there has been minimal, if any, disruption to our tenants. Michael Gerace has always been easily accessible and we are impressed with his knowledge of the business. We definitely recommend Roof Repair, Inc as a trusted vendor.

Sincerely,
